

FLUFF WITH PEACE OF MIND

Clean, comfortable, weightless loft.

Healthier sleep that doesn't compromise luxury, comfort and support. Suprelle® Eco Ultra has light as air loft with unsurpassed insulation that also protects against common fungi and bacteria for up to the lifetime of the product.

Suprelle® Eco Ultra has luxuriously light loft and durable antimicrobial protection.

Antimicrobial.

Uniform warmth.

Long lasting.

Machine washable.

SUPRELLE®

ECO ULTRA

Suprelle® Eco Ultra is manufactured with our innovative Eco2 Technology, reducing CO2 emissions, land and water use in the manufacturing process of the fibers.

LUXURY PROTECTION

Light and antimicrobial loft

Suprelle® Eco Ultra is made from soft, lightweight, 6-D hollow and siliconized fibers. Uniform insulation for comforters and excellent shape retention in pillows is the ultra benefit to this healthy fiberfill.

Tests reveal that Suprelle® Eco Ultra is antimicrobial and protects against common fungi and bacteria.

Durable for up to 10 home launderings.

Tested with *Klebsiella pneumoniae* and *Staphylococcus aureus*. (bacteria strains) at a third party testing facility:
ISEGA Forschungs - und Untersuchungs - Gesellschaft mbH Aschaffenburg,
August 21, 2018

results that matter

Tested in an independent lab, Suprelle® Eco Ultra is highly effective at controlling the growth of common fungi and microbes. Suprelle Ultra has proven antibacterial performance after 10 home launderings. Ask us for our official lab test results.

Our next generation fluff is pure and premium fiberfill made with polymer derived from recycled bottles and produced with less land, less water and less CO₂.

Oekotex certified antimicrobial properties make for an ultra fill for the lifetime of your pillow.

healthy sleep environment

We invest our time in quality of sleep and safety. Our non-leaching safe chemistry has been EPA approved for more than 20 years and we take pride in our Oekotex certification.
